

## ANOTHER FORT

At Port Arthur Captured by the Japanese

## GARRISON REPORTED CHEERFUL

Japanese Will Harass the Russian  
Flanks And Rear. Russia  
Up Against It

### JAPS CAPTURE A FORT.

Chefoo, Sept. 16th.—The Japanese troops between September 8th and September 10th captured a fort situated on Hai ping, two miles from Golden Hill, by assault. The fighting was not severe.

### PORT ARTHUR REPORTED CHEERFUL.

St. Petersburg, Sept. 16th.—A telegram from Harbin says the following report has been received from Port Arthur:—"Garrison is in good spirits and there are no prospects of provisions failing. Port Arthur is prepared for a long and obstinate defence."

Kopamu, Sept. 16th.—The Japs have not yet appeared in the vicinity of Sinmintin railway. The Russians hold the great Mukden road from Sinmintin protecting the right flank with a full army corps above the Hun river. The Japanese who are still getting reinforcements at New Chwang and sending winter equipment and supplies up the Liao river are operating from the hills along the east.

### THE LENA WILL WINTER AT FRISCO.

Washington, D. C. Sept. 16th.—Shortly after 3 o'clock to-day Acting Secy. of State Addee read a telegram from the President at Oyster Bay approving the programme he has arranged for the wintering of the Lena. Capt. Pittsbury immediately telegraphed instructions to Admiral Gooderich at San Francisco to tie up the ship.

### JAPS HANG ON RUSSIANS FLANK.

London, Sept. 17th.—Statements that the Japanese army is concentrating upon the flanks of the Russian forces in the vicinity of Mukden are met at the Russian war office with expressions of incredulity. It is the opinion at St. Petersburg that a much longer time must elapse before Oyama can put his army, which was sorely tried in the battle of Liao Yang, in condition to undertake a forward movement.

Russia's recession from her early position on the question of contraband is regarded as occasion of the probable retirement of Vice Admiral Avellan from his post of the head of the Russian Admiralty Department.

## WELCOME TO MINTO

## LLOYDMINSTER CITIZENS

Gave the Governor General an Enthusiastic Reception on His Arrival From Edmonton

Lloydminster, Sept. 16th.—Yesterday was an epoch in the history of Lloydminster as it was the day for the visit of our Governor General, the Earl of Minto. Flags were hoisted on all places of business and an arch of welcome was erected in front of Rev. Mr. Lloyd's. After several hours of anxious waiting His Excellency accompanied by Major Maude and an escort of thirty Royal North West Mounted Police arrived about 5 p. m. Notwithstanding the day was cloudy and windy a large number of citizens turned out to welcome the party and upon their arrival all joined in singing the National Anthem. Rev. Mr. Lloyd in a nicely worded address pointed out the different steps in the growth of the colony and how we all appreciated the visit of our Governor General and expressed our only regret at his visit being so short, to which his excellency responded by saying that he was sorry he could not be with us longer. He also remarked the marvellous change in the country since 1865 when he went through. At about 6 o'clock His Excellency accompanied by Maj. Maude were the guests of Rev. Mr. and Mrs. Lloyd where they were partakers of a light luncheon after which his excellency was presented with a beautifully embossed address, the work of Mrs. Rendell accompanied by twelve large views of the different stages of Lloydminster's growth. His excellency and party camped about a mile from town and took their departure at 8:30 next morning en route for Battleford and Saskatoon.

Messrs. Burdett and Tyler have moved into their new furniture store. R. W. Miller, of Miller & Sample, left for Edmonton, Tuesday.

Rev. Mr. Wilson and wife returned from Regina last week from attending the Methodist conference.

W. Bolton expects to open his confectionery store next week.

Harvesting is about completed and crops reported good.

## RAILWAY COMMISSION IN STRATHCONA.

Plains, or. The Commissioners were driven about the town along St. Catharines avenue to get a view of the river and valley, then down to Walter's mills, past the brick yards and up through the Garnau estate, thence along the Calgary trail and given a view of the country from Somers' hill, thence back to town along the railway.

At the river the Commissioners were shown the site of the C. P. R.'s prospective survey for a high-level bridge. The Hon. Mr. Blair expressed himself as strongly of the opinion that there should be right here one big, high-level bridge to accommodate both traffic and railways.

Upon returning to the car the committee handed to the Commission a written statement setting forth ambiguities and weaknesses in the Railway Act regarding the fencing of railway rights-of-way and the companies' responsibilities in the event of cattle being killed by trains in the mixed farming districts. It was pointed out that the law was such that it was difficult for farmers to get satisfaction from the railway companies and considerable losses were sustained. The Commission promised to give the matter their most careful consideration and report to the Board of Trade later.

The party left for Calgary by special train at 7 o'clock in the evening.

## C. P. R. Officials

## Plainsdealer:

Thursday afternoon at 3 o'clock a special train arrived in Strathcona bearing a number of the chief officials of the C.P.R. on a tour of inspection of the western lines. The party included Sir Thomas Shaughnessy, President of the company; Directors Sir George A. Drummond, E. B. Osler, M.P., R. B. Angus, and C. R. Hosmer, second Vice-President Wm. Whyte, Chief Engineer W. F. Fye, together with several divisional officers and a staff of clerks and stenographers. Immediately upon arrival here the party took carriages for a drive about the two towns returning to their train about five o'clock. They were called upon by Mayor McKenzie and other representatives of the town and Board of Trade. They had little to say about their plans for the future in this district. Being asked about their high-level bridge project they said it would be some time before that would be built as the work would cost an immense sum, roughly estimated at \$1,000,000 and business would not yet warrant such an expenditure. They spoke in very complimentary terms of the progress they found Strathcona had made since their last visit, and expressed great confidence in its future.

At 6 o'clock the train left for Calgary and will proceed from there to the coast.

## Superfluous Hair

Removed by the New Principle.

## De Miracle

It is better than electricity, because it does not scar or produce a raw growth. Better than X-ray, because it does not burn, scar or paralyze the tissues under the skin. Better than depilatories, because it is not poisonous; therefore, it will not cause blood poisoning, or produce eczema, which is so common with depilatories, and does not break off the hair, thereby increasing its growth.

Electrolysis, X-ray or depilatories are offered you on the bare word of the operators and manufacturers. De MIRACLE is the only method which is indorsed by physicians, surgeons, dermatologists, medical journals and prominent magazines. De MIRACLE will be mailed to any address, sealed in plain wrapper, on receipt of \$1.00. Your money back without question (no red tape) if it fails to do all that is claimed for it.

Our booklet—the most complete treatise on Superfluous Hair ever published—containing the testimonials of numerous physicians and surgeons and those of hundreds of others—will be sent free in plain, sealed envelope upon request. Send for it at your local druggist or write for it to-day to De MIRACLE CHEMICAL CO., 23 Queen St. W., Toronto, Ont.

## Orange Meat

The Premium Feed

**ABSOLUTELY UNSHRINKABLE**

**We Guarantee**

Every garment, bearing the Stanfield label—no matter what its price—is absolutely unshrinkable. We guarantee it, and back up that guarantee with "money back if it shrinks."

**Stanfield's Unshrinkable Underwear**

fits like a new skin—fits every part of the body—is warm, snug, and comfortable. Made of the famous Nova Scotia wool—in all weights to suit all temperatures from Halifax to the Klondyke.

Insist that your dealer gives you Stanfield's—the Underwear that will not shrink.

## Ross Bros. Ltd.

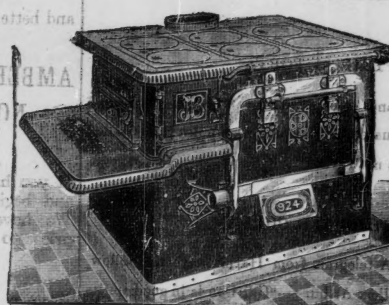

Just a few words further about

## Steel Ranges

Ross Brothers, Limited, have Steel Ranges from \$30 to \$60. They have a first class full No. 9 Steel Range,

## Made in Canada

With Copper Reservoir, High Enclosed Closet, fitted to burn either wood or coal at \$48. This Range has an extra large fire box and is well suited for town or country use. We also have ranges without high closets very much cheaper, that have very large ovens, large fire places and are built especially for farmers use.

It seems absurd to us that Steel Ranges can be sold at prices nearly double what we are asking, that have not got nearly as many good points to recommend them as our \$48 Ranges. Our \$48 Range is heavier, larger both in oven and fire place.

## And we Guarantee

That our Castings will not warp out of shape nearly as soon as some of the much vaunted higher priced Cook Stoves or Ranges.

Why, you fit up a whole kitchen with us for nearly the price you are asked for a Cooking Stove or Range alone. We will convince you of this fact if you want a Range and will be pleased to show you the goods at our store.

## Ross Bros., Limited.

## RIPENING OF WHEAT

Nor-West Farmer:

It was the privilege of one of our staff to pay a recent visit to the Indian Head experimental farm and to note the difference of date of ripening of the varieties of wheat on test. One of these for which the superintendent entertains great hopes is the new hybrid Preston. This wheat which has been on test only a very few years, has proven a few days earlier than Red Fyfe, and is probably the most likely of the earlier sorts to meet the market requirements for a hard berry. This year, when sown on the same land and on the same day, would be ready to cut about 10 or 12 days earlier than the Red Fyfe. Mr. Mackay has increased the area under this variety until he has this year a field of 10 acres. He reports a great demand for the seed, and believes that its cultivation will be found comparatively safe in districts, where, owing to early fall frosts, the growing of Red Fyfe has been found to be somewhat hazardous. This year the crop of Preston was ready for the binder by August 24th.

The Stanley is another promising sort, bred from the same parent varieties, but it is a hard wheat, whereas Preston is bearded. The Stanley Early Biga, Dawn, Fraser, Crawford, and Huron were matured about August 27th.

Barley cutting was commenced on August 16th, and oat cutting was finished about August 30th.

## C. P. R. Hold Up

Vancouver, Sept. 14th.—The latest authentic story was brought to Westminster this afternoon. Mr. B. Shortreed, of Abbotsford, went out on the hunt yesterday. He worked on the theory that the men had crossed the river and had gone south. He searched along the Yale road until he found the footprints of three men. They started at a point near the Fraser river below Whonnock.

Mr. Shortreed and his party followed the tracks along the Yale road and then along the Jackman road and finally they turned off on a trail, leading towards Linden, Wash. This is a small place near Sumas. Suddenly the footprints turned off into the bush and of course could not be traced further. Mr. Shortreed believes that the men went into hiding early this morning, and this leads to the belief that they will soon be captured.

Several parties of police officers have the district pretty well watched. When it was discovered on Sunday morning by the party of police at Whonnock that the men had stolen a boat and gone across the river, Chief Campbell and Constable Monro at once started to cross the river and went south.

Early this morning the boat which the robbers appropriated was found floating in the Fraser. It was several miles below Whonnock, but it may have drifted that distance after the robbers had left it.

To-day many reports were circulated that the robbers were surrounded and would make a fight to the death, but none of these appear to be founded on fact.

The men have disappeared in the woods south of Sumas, and it is very difficult to estimate within a number of miles where they may be now.

Mr. James E. Dye, superintendent of the Pinkerton agency at Seattle, is in the city and will be at the head of five of his men who are to arrive tonight.

General Supt. Marpole said this afternoon that every possible effort would be put forth to capture the robbers.

## SETTLERS FOR THE WEST

Dr. D. Stalker, of the First Presbyterian church, Calumet, Michigan, spent yesterday in the city. Dr. Stalker is a Canadian, having been brought up near London, Ontario, and having preached for some time in Manitoba. His large congregation in Calumet are entirely Western Ontario people, the greater proportion of them coming from Bruce and Huron counties. The men work in the copper mines of Calumet. Mr. Stalker had been communicated with by Jas. A. Smart, of the Immigration Department to see if a number of these people could not be induced to take up farms in Western Canada, returning to the land of their birth. Dr. Stalker's present trip through the West, in the course of which he was in Edmonton, is the result of the efforts of the Immigration authorities. He has visited many parts and has taken long drives east from different points along the Calgary and Edmonton railway. He is greatly pleased with the different sections of the country visited.

## Fatal Runaway Accident

Wetaskiwin Post, Sept. 15th.

A runaway accident with regrettable fatal results, took place on Sunday afternoon last within a mile or so of Duhamel, resulting in the death of Mr. Peter Thompson, a member of the firm of Thompson and Johnson, railway contractors. Mr. Thompson, it appears, was driving one of his teams in a buggy in company with his partner, Mr. Johnson, Doctor Anderson, the contractor's veterinary surgeon, and another gentleman, when the neck yoke broke and the tongue of the buggy dropped to the ground. They held the rig, however, and it was finally stopped at the edge of a little lake, the occupants being thrown out by the shock. The ground being soft Mr. Thompson struck with his head and his body twisted over and the unfortunate man broke his neck. He was a heavy man, and must have been thrown out with great force. He succumbed to his injuries in a few minutes. The other members of the party were more or less severely shaken. Mr. Thompson was just forty-three years of age, unmarried, and a well-to-do contractor, holding, with his partner, the grading contract from Bittern Lake eastward some miles.

## LARGE REWARD

### DOMINION GOVERNMENT

Will Give Ample Reward for the Capture of the C. P. R. Hold up Men

Bulletin Special Dispatch.  
Ottawa, Sept. 16th.—It is reported that the Dominion Government will give an ample reward for the capture of the bandits who held up the C.P.R. train at Mission Junction B.C.

## STRENGTH IN UNION

### DEVELOPMENT COMPANIES

Of Southern Alberta have Amalgamated their Interests. Railroad appointment

Bulletin Special Dispatch.  
Ottawa, Sept. 17th.—The Governor General in Council has been pleased to sanction a mutual agreement for the amalgamation of the Alberta Railway and Irrigation Company, and of the Alberta Railway and Coal Company, the Canadian North-West Irrigation Company and the St. Mary's River Railway Company, under the name of "The Alberta Railway and Irrigation Co." The said agreement to come into force and effect on the 30th day of September, 1904.

Guy C. Dunn, C.E. has been appointed by the Transcontinental commission engineer of the New Brunswick district.

## TYPHOID EPIDEMIC

### IN WINNIPEG

One hundred and thirty cases in the Winnipeg General Hospital alone.

Bulletin Special Dispatch.  
Winnipeg, Sept. 16th.—There are now 130 typhoid patients in Winnipeg General Hospital, and applications for admittance are coming in daily. Within the past few days twenty beds have been added to give more accommodation. These have already been filled and many patients have been refused admittance on account of lack of room.

## STRIKE ON THE C. P. R.

### BOILER MAKERS

From Fort William to Laggan walk out. Five hundred men affected

Bulletin Special Dispatch.  
Winnipeg, Sept. 17th.—The boiler-makers and their helpers employed by the C.P.R. at their shops from Fort William to Laggan, B.C. are on strike. An effort on the part of the men to secure a rise in wages is the direct cause and in all there are over 500 men affected by the move.

## CANADIAN NORTHERN

### FORCES SUB-CONTRACTOR

To surrender contract and has itself taken over construction work

Bulletin Special Dispatch.  
Winnipeg, Sept. 12th.—The Canadian Northern Railway company has through an injunction of the Territorial courts forced R. J. F. Robinson, sub-contractor, on the Kamsack Edmonton section to surrender his contract and has itself taken over the work of construction.

## OVER THE NEW WIRE

### FROM ATHABASCA LANDING

First News Items Received From the Northern Town Over the New Government Telegraph Line

Bulletin Special Dispatch.  
Heavy rains here last night. Cold and cloudy to-day with slight rainfall.  
The steamer Midnight Sun has been laid up for the winter after having made two successful trial trips, one to near Lesser Slave Lake and the other to Pelican Rapids.  
R. J. Manson who has the contract for building the new Hudson's Bay store here arrived from Edmonton this morning to look after the construction work which is well under way. With favorable weather the Company expects to be in their new quarters in about another month.

## IN THE TOILS

### MURDERER CAPTURED

One of the Three Indians Charged With a Brutal Murder is in Custody

Bulletin Special Dispatch.  
Vancouver, B.C., Sept. 16th.—The steamer Cassiar brought word from Alert Bay that one of the murderers of the Indian woman at Port Rupert had been captured. The murder is reported as very brutal. There are two or three Indians implicated.

## C. P. R. HOLD UP

### POLICE HAVE A SUSPECT

Caught him in the Boundary district where the chase is hot

Bulletin Special Dispatch.  
Vancouver, Sept. 17th.—The police claim to have arrested one of the five men implicated in the C. P. R. train robbery. The man has given his name as Davis, and has acted mysteriously since the robbery, dodging about the country being searched for the robbers. He has told many conflicting stories and has been seen with large sums of money and two revolvers.

## ROSS LOSES ANOTHER

### NARROW MAJORITY NOW

The election of C. M. Smith, M. P. P. has been declared void

Bulletin Special Dispatch.  
Sault Ste. Marie, Sept. 16th.—After listening to the election trial, Chancellor Boyd and Mr. Justice Teetsell, to-night gave judgment voiding the election of C. M. Smith, M.P.P., elected to support Premier Ross by a majority of 250.

## AERIAL NAVIGATION

### HAS ANOTHER STUDENT

Professor Bell of telephone fame has turned his attention to this work

Bulletin Special Dispatch.  
Montreal, Sept. 17th.—Professor Alexander Graham Bell, who is known to fame through his invention of the telephone is in Montreal on his way from Washington to his summer home in Cape Breton. Just now Prof. Bell has turned his attention to aerial navigation. He believes that the problem of aerial navigation will be successfully solved.

## EDMONTON PRAISED

Rev. W. J. Clark, of the First Presbyterian church, London, Ont., who recently visited Edmonton and preached in the Presbyterian church, has returned to London, from his trip West. In the course of an interview with him a London paper says:

When in Edmonton Mr. Clark drove out to St. Albert, about nine miles from the city where the foundation of an immense Catholic cathedral had been laid. Edmonton is the center of an immense district, remarkable for its rich resources both mineral and agricultural. Mr. Turnbull, manager of the Bank of Commerce, Edmonton, formerly of this city, accompanied Mr. Clark on his excursions in and around the city driving him to the various places of interest. Among other places visited around Edmonton was the Clover Bar district, which is rich in agriculture, and in its aspect very like Ontario. Mr. Clark says that there is likely to be a very large increase in Edmonton's population in the near future. The people there are eagerly looking for the coming of the Canadian Northern Railway, much of the grading of which is already completed. The scenery surrounding Edmonton is very beautiful.

In Edmonton an immense trade is done with northern traders, and there are a number of splendidly equipped stores in the city. Mr. Clark was shown an order for goods secured by one of these stores, amounting to \$61,000. This firm advertises its goods in London, England, Paris and New York. Others were equally enterprising. In Edmonton Mr. Clark occupied the pulpit of Rev. D. G. McQueen, pastor of the Presbyterian church. When Mr. McQueen went there in 1887 he had only about a dozen of a congregation. It is now, said Mr. Clark, as large as that of our own church in London. Mr. Clark preached in the church on the second anniversary of its opening.

## MARKET REPORTS

Circular by the Edwards-Wood Co.

of St. Paul, Minneapolis and Duluth. The bulls had complete control in wheat—and duplicated yesterday's advance of four cents. To-day's buying orders based on new conditions, freezing temperatures, light to heavy rains, with snow in our Northwest and in Canada, where wheat not yet all ripe, Liverpool followed our strength to the extent of 1.7-8d. Elevators assign small receipts to better prices from country millers also claimed that wheat is in no condition on going into store. Minneapolis and Duluth had 414 cars against 1,051 a year ago. Primary receipts only 891,000 bushels, against 1,606,000 bushels last year, showing that the small movement is general. Shipments amounted to 658,000 bushels, compared with 594,000 bushels last year. Flour demands, millers claim, are more important, and stocks have decreased again for the week. Flour prices are quoted at 30c higher. Winnipeg advises early threshing return more and more confirm the damage claims and show that damage was more than previously acknowledged. To be brief, everything indicates that since Sept. 1 losses have been going on uninterruptedly.

Oats.—From an indefinite opening the market steadily developed strength and moved up better than one per cent. Chicago May selling at 36 1/8 at 1-4, compared with 34 7/8 to 35c the last close. Transferring from December to May was in evidence, and partly accounts for the May strength. Receipts were liberal, but prospects for a higher corn market and increase in export demands and advices of light country movement were used with good success by the longs. Oats should follow corn closely, and with important damage to corn to-night from frost will probably sell much higher tomorrow.

The Politician

Though his duties in Parliament cause a great strain, He is able to keep both his body and brain in the best of condition, the whole session through: He takes Abbey's Salt and commends it to you.

Brain workers know the penalty of ill-health. Let the bowels become clogged—the liver sluggish—the stomach upset—the blood impure—and that "tired, overworked" feeling steals over the brain.

ABBEY'S SALT clears the brain by cleansing the system. It sets stomach, liver and bowels to do natural work in nature's own way. It is the ideal blood purifier—the perfect stomachic—the unfailing liver regulator.

## The Canadian Northwest Homestead Regulations

Any even numbered section of Do-  
minion Lands in Manitoba or the  
Northwest Territories, excepting 8  
and 26, which has not been home-  
steaded, or reserved to provide wood  
lots for settlers, or for other pur-  
poses, may be homesteaded upon by  
any person who is the sole head of a  
family, or any male over 18 years of  
age to the extent of one quarter sec-  
tion, of 160 acres, more or less.

ENTRY.—Entry may be made per-  
the district in which the land to be  
taken is situated, or, if the home-  
steader desires, he may, on applica-  
tion to the Minister of the Interior,  
Ottawa, the Commissioner of Immi-  
gration, Winnipeg, or the local agent  
for the district in which the land is  
situated, receive authority for some  
one to make entry for him. A fee of  
\$10.00 is charged for a homestead  
entry.

HOMESTEAD DUTIES.—A settler  
who has been granted an entry for a  
homestead is required by the pro-  
visions of the Dominion Lands Act  
and its amendments therein, to per-  
form the conditions connected ther-  
with, under one of the following  
plans:

(1) At least six months' residence  
upon and cultivation of the land in  
each year during the term of three  
years.

(2) If the father (or mother, if the  
father is deceased) of any person who  
is eligible to make a homestead entry  
under the provisions of this Act, re-  
side upon a farm in the vicinity of  
the land entered for by such person  
as a homestead, the requirements of  
this Act as to residence prior to ob-  
taining patent, may be satisfied by  
such person residing with the father  
or mother.

(3) If a settler has obtained a pat-  
ent for his homestead, or a certifi-  
cate for the issue of such patent,  
countersigned in the manner pre-  
scribed by this Act, and has obtained  
entry for a second homestead, the  
requirements of this Act as to resi-  
dence prior to obtaining patent may  
be satisfied by residence by the first  
homestead, if the second home-  
stead is in the vicinity of the first  
homestead.

(4) If the settler has his permanent  
residence upon farming land owned  
by him in the vicinity of his home-  
stead, the requirements of this Act  
as to residence may be satisfied by  
residence upon said land.

The term "vicinity" used above is  
meant to indicate the same township  
or an adjoining or cornering town-  
ship.

A settler who avails himself of the  
provisions of Clauses 2, 3, or 4, must  
or substitute 20 head of stock, with  
buildings for their accommodation,  
cultivate 30 acres of his homestead,  
and have besides 80 acres substan-  
tiated.

The privilege of a second entry is  
restricted by law to those settlers  
only who completed the duties upon  
their first homesteads to entitle  
them to patent on or before the 2nd  
June, 1880.

Every homesteader who fails to  
comply with the requirements of the  
homestead law is liable to have his  
entry cancelled, and the land may be  
again thrown open for entry.

Application for patent should be  
made at the end of three years, be-  
fore the local agent, sub-agent, or  
Homestead Inspector. Before making  
application for patent the settler  
must give six months' notice in writ-  
ing to the Commissioner of Dominion  
Lands, at Ottawa, of his intention  
to do so.

Information.—Newly arrived immi-  
grants will receive, at the Immigra-  
tion Office, in Winnipeg, or at any  
Dominion Lands Office, in Manitoba  
or the Northwest Territories, infor-  
mation as to the lands that are open  
for entry, and from the officers in  
charge, free of expense, advice and  
assistance in securing land to suit them.  
Full information respecting the land,  
timber, coal and mineral laws, as well  
as respecting Dominion Lands in the  
Railway Belt in British Columbia,  
may be obtained upon application to  
the Secretary of the Department of  
the Interior, Ottawa, the Commis-  
sioner of Immigration, Winnipeg,  
Manitoba, or to any of the Dominion  
Lands Agents in Manitoba or the  
Northwest Territories.

### JAMES A. SMART.

Deputy Minister of the Interior.  
N.B.—In addition to Free Grant  
Lands to which the regulations above  
stated refer, thousands of acres of  
most desirable lands are available for  
lease or purchase from railroad and  
other corporations and private firms  
in Western Canada.

## LOCAL

—Train three hours late.  
—Central Alberta had a pouring rain storm nearly all day yesterday.  
—Dr. Stalker, of the First Presbyterian church, Calumet, Mich., will occupy the pulpit of the Presbyterian church to-morrow evening.

—"A Manly Religion" will be the subject of Pastor McDonald's address on Sunday evening at the Baptist church.

—Tenders are being called for the erection of a frame warehouse for the Brackman Ker Milling Company in Edmonton.

—The Railway Commission decided against Calgary in its dispute with the C.P.R. regarding the closing of a crossing on First street east.

—The city police are taking steps to enforce the real estate by-law. A case in this connection comes up at the police court this evening.

—Monday is the Hebrew Day of Atonement, and all Hebrew places of business in the city will be closed. Religious services will be held through the whole day from daylight to dark.

—A concert will be given in Stetson's Hall, Morinville, on October 2nd. The programme will commence at 8 o'clock. The admission fee will be twenty-five cents.

—Robt. Hockley returned last night from a couple of days' business trip to Olds. Cutting is almost all finished down as far south as Red Deer.

—Alex. McLay, Horse Hills is in town to-day having finished all his cutting. Nearly all the Horse Hills farmers have finished cutting and are awaiting favorable weather for stacking.

—Fred Schnaltner, who owns the Red Store on Namayo avenue appeared last night at the police court on a charge of infringement of the early closing by-law. He was fined one dollar and costs.

—Will Robinson, of Brampton, Ontario, who has been making a trip through Western Canada, arrived in the city Thursday evening and left the next morning for the south. He is greatly pleased with the outlook in Western Canada.

—Wetaskiwin Times: Mr. Tweeddale arrived this week from the Strathcona branch of the Imperial Bank to assume the position of teller in the branch here. Mr. Jaffray who was teller here temporarily has returned to Strathcona.

—The total number of homestead entries for the past three months at the Wetaskiwin Land Office was:—June, 140 entries; July, 122 entries; August, 98 entries. Total number of entries, 360. Total homestead receipts for the three months, \$3,600.

—Pincher Creek Echo: Dolphus Cyr realized thirty-six bushels per acre of Kansas red fall wheat, that grades nearly up to No. 1 hard. How is that for good farming? There is money in fall wheat in Southern Alberta.

—A merry go round is in full blast on Namayo avenue, one block north from Jasper, and is attracting large crowds of children and not a few grown up people. It contributes ten dollars a day to the city treasury.

—C.A.S. Wittman, of Namayo avenue and Sixth street east, has a ripe pumpkin weighing forty-nine pounds fifteen ounces on exhibition in J.B. Mercer's window. The pumpkin was grown in Mr. Wittman's garden from seed grown in the Imperial gardens, Berlin, Germany.

—Peter Lund, of the firm of Breckenridge and Lund, railroad contractors and lumber mill men, arrived in the city last night. Mr. Lund will spend a couple of days in the city being here in his lumber interests solely. The firm have large mills at Wardner, B.C.

—F. C. Clare is in the city to-day. He finished cutting last Monday and is waiting for settled weather to commence stacking. The light showers of rain which have fallen occasionally the past few days, while not interfering with the cutting, delay stacking operations.

—Prairie chicken are scarce in the district around Edmonton this year. Several parties have gone out for a day's shooting and not being able to secure any chicken, turned their attention to ducks, which though very wild are more plentiful. A couple of parties were out yesterday who failed to get a single shot at a chicken.

—A despatch from Prince Albert to the Calgary Albertan states that Mr. T. O. Davis, M.P., who was nominated some time ago as the standard-bearer of the Liberal party in Saskatchewan has resigned and a convention to nominate his successor has been called to meet at Saskatoon on Tuesday, September 20th. Mr. Davis will be appointed to the Senate.

—Herald: A month ago the post office at Olds was robbed. The mounted police chased a suspect through Calgary and twenty miles east where he was lost. Now a man named Petties, confined in the jail at Regina for vagrancy, has been charged with the crime. He had postage stamps in his possession. Colonel Sanders sent a warrant down for Pettie's detention to-day. He has positively identified him.

—Reporter: C. W. Alton was in town on Saturday securing supplies to build a bridge over Fulton Creek on the base line road six miles east of Edmonton. After completing the above work he will proceed to Star to repair the banks on Beaver Creek which have been washed out by rain during the summer. It is to be hoped that the bridge on the Victoria trail east of town will not escape the attention of the proper authorities.

—Rev. Goro Kaburagi, of Vancouver, who left on Thursday afternoon for Whitefish Lake, accompanying Rev. Jno. McDougall, who is on his annual tour of the Methodist Indian Missions, is a Japanese Methodist minister. He is a highly educated man, and has a congregation of upwards of one hundred Japanese in Vancouver. He is at present on a vacation.

—Wetaskiwin Post: D. McRae has the distinction of having hauled the first load of threshed grain of the 1904 crop into town last Saturday afternoon. Messrs. Brackman and Ker Milling Co. purchased it from Mr. McRae. It was a load of barley of very good quality. We think this is probably the earliest date new grain was ever hauled here—Sept. 10th.

—The rifle matches of the Edmonton and Strathcona associations take place on Tuesday, Wednesday and Thursday of next week. The short ranges will be fired from the Edmonton butts on the first day and the 800, 900, and 1,000 yard ranges from the Strathcona butts on the second day. If the matches should not be completed the second day they will be finished on Thursday.

—J. H. Parker, Canadian Immigration Agent, of Duluth, Minn., accompanied by Dr. Tarter, of Iron River, Wis. J. P. McDonald, of the Minnesota Log and Lumber Company, of Duluth, and Mr. Laurence, from Virginia, arrived in the city last night. This is the remnant of a large party of land seekers who left Duluth about ten days ago in charge of Mr. Parker. They have been greatly pleased with their trip.

—Jas. Tough has erected a splendid stock barn on his farm about five miles north-west of the city. It will be about 75 by 40 and will give accommodation for about fifty head of cattle. The stable is most effectively laid out with stalls and box stalls and passage ways. Over the stable is a large hay barn in which are also bins for the cattle to feed. Mr. Tough intends going more extensively than ever into the raising of pure-bred stock.

—The town of Saskatoon is to receive the benefit of railway competition this year as it is reported that the C.N.R. are securing running rights over the Prince Albert branch from the crossing near Clark's crossing down as far as Saskatoon. They contemplate running a spur line from the crossing south to Saskatoon and it is understood that negotiations are in progress for terminal yards on some school property west of the town.
